Frequently Asked Questions regarding Ballot Marking Devices (BMDs) for Fall 2008 and 2009

15. If I accidentally choose the wrong candidate, can I go back to change it?

The BMD gives you a chance to review your selections and make changes to your selections, via display or audio, near the end of the voting process before the BMD prints your ballot. If you review the printed ballot and wish to make changes, you will be given up to two (2) more ballots in order to mark your ballot as you wish. Your selections are not final until your ballot is 'CAST' when it is dropped into the ballot box.
