Frequently Asked Questions regarding Ballot Marking Devices (BMDs) for Fall 2008 and 2009

5. Will the poll sites be fully accessible for disabled voters?

All but three of BOE's 1,369 poll sites are functionally accessible.

All functionally accessible poll sites have door clerks to greet and direct voters to the accessible entrance.

The three poll sites which are not functionally accessible are:

- PS 119 – 3829 Avenue K, Brooklyn
- PS 110 – 124 Monitor Street, Brooklyn
- PS 2 – 75-10 21st Avenue, Queens

All voters assigned to the three poll sites which are not functionally accessible will receive a letter stating that disabled voters may request to have their poll site changed to one that is accessible. Disabled voters can request such a poll site change from the Brooklyn Borough Office by calling (718) 797-8800, or from the Queens Borough Office by calling (718) 730-6730. Requests for such a poll site change must be received by BOE at least 14 days prior to the election.

Voters assigned to poll sites which are not functionally accessible may vote at the poll site with assistance (if needed) or may vote by absentee ballot.
